

OUR PRIDE SHORTS & ARTS FEST

How to Submit Your Film

OUR PRIDE Shorts & Arts Fest 2026

100% FREE FOR OUR PRIDE FILMMAKERS
When CineLot asks for the OUR PRIDE Upload Code, enter:

OP2026

Active through November 1, 2026

STEP 1 — Go to CineLot

Use the CineLot submission page provided by OUR PRIDE. Log in if you already have an account, or create an account if you're new to CineLot.

STEP 2 — Create your film project

Enter your film title and the basic information requested by CineLot. Save your information as you go.

Your full-length film is the only file required for an OUR PRIDE submission. A trailer, thumbnail, and movie poster are optional.

When CineLot asks for the OUR PRIDE Upload Code, enter: OP2026. Insert the upload code in your film's dashboard.

CineLot lists 1080p, H.264, MP4 as its standard video specifications, with a 6 GB maximum for the full film. If you're unsure about your file, try uploading it anyway.

STEP 4 — Having trouble? We're here to help.

If your upload stops or you have another problem: send us a link to your movie through Google Drive, WeTransfer, Vimeo, or another file-sharing service, and we can help get it uploaded.

STEP 5 — You're done!

Once your film has been uploaded, OUR PRIDE will take it from there. CineLot performs a quality check before content is published.

OPTIONAL: If you have them, you can also provide a trailer, film poster, or thumbnail image. **Don't delay your submission if you don't have these.**
